SOCIETY FOR SIMULATION IN HEALTHCARE NAMES BOARD MEMBERS

- **Board President**: Christine Park, MD, Director, Simulation Technology and Immersive Learning
- **President-Elect**: Joe Lopreiato, MD, MPH, Associate Dean for Simulation Education, Uniformed Services University of the Health Sciences, Val G. Hemming Simulation Center - Forest Glen Annex
- **Immediate Past-President**: Chad Epps, MD, Executive Director of Simulation, University of Tennessee Health Science Center (UTHSC)
- **Treasurer**: Don Combs, PhD, Vice President and Dean, Eastern Virginia Medical School
- **Secretary**: Juli Maxworthy, DNP, MSN, MBA, RN, CNL, CPHQ, CPPS, CHSE, Assistant Professor, Director of Traditional DNP Program, Chair Simulation Committee, University of San Francisco School of Nursing and Health Professions

- **At-Large members**:
  - Bob Armstrong, MS, Director, SCSIL, Eastern Virginia Medical School Sentara Center for Simulation and Immersive Learning
  - Adam Levine, MD, Program Director, Icahn School of Medicine at Mount Sinai, Department of Anesthesiology
  - Bill Lewandowski, BA, MS, Vice President, Surgical Products Business Development, 3D Systems
  - Ralph MacKinnon, Bsc (hons), MB, ChB, FRCA, Paediatric Anaesthetist & Paediatric Intensive Care Retrieval Physician, Royal Manchester Children's Hospital and North Wales & North West Paediatric Transport Service. Visiting Professor Manchester Metropolitan University
  - Edwin Ozawa, MD, PhD, Anesthesiologist, Lahey Hospital and Medical Center
  - Ilya Shekhter, MS, MBA, CHSE, University of Miami - Jackson Memorial Hospital Center for Patient Safety
  - Jayne Smitten, PhD MEd RN CHSE CHSE-A, Chair/Professor, Hawai‘i Pacific University, Interim Director of Experiential Clinical Simulation Center
  - Jennie Struijk, MEd, CHSE, Standardized Patient Program Director, University of Washington
  - Demian Szyld, MD, EdM, Senior Director of the Institute for Medical Simulation
  - Katie Walker, MBA, RN, Vice President & Director of The Simulation Center
The Society for Simulation in Healthcare (SSH) seeks to improve performance and reduce errors in patient care through the use of simulation. Established in 2004 by professionals using simulation for education, testing, and research in health care, SSH membership includes nearly 3,400 physicians, nurses, allied health and paramedical personnel, researchers, educators and developers from around the globe. SSH fosters the improvement and application of simulation-based modalities such as human patient simulators, virtual reality, standardized patients and task trainers.
