20 YEARS OF IMSH

International Meeting on Simulation in Healthcare (IMSH) Meeting Attendance

2001

JAN. 10–14
Scottsdale, AZ
The 1st International Meeting for Medical Simulation (IMMS)

2002

JAN. 9–12
Santa Clara Marriott, Santa Clara CA

2003

JAN. 9–11
San Diego Hilton, San Diego, CA

2004

JAN. 9–11
Hyatt Tamaya Resort, Albuquerque/Santa Fe, NM
* Society for Medical Simulation forms

2005

JAN. 13–16
Raddison, Miami, FL

2006

JAN. 14–17
San Diego, CA
* Society for Medical Simulation changed its name to the Society for Simulation in Healthcare

2007

JAN. 14–17
Disney’s Contemporary Resort, Lake Buena Vista FL
*International Meeting for Simulation in Healthcare (IMSH) officially changes name to reflects the diversity of SSH

2008

Jan. 13–17
San Diego, CA

2009

Jan. 11–14
Disney’s Contemporary Resort, Lake Buena Vista FL

2010

Jan. 23–27
Phoenix Convention Center, Phoenix, AZ

GENERAL INFORMATION
Welcome to IMSH 2020, the annual meeting of the Society for Simulation in Healthcare. On behalf of the SSH Board of Directors and the IMSH 2020 Planning Team, we are excited to have you here!

This year’s IMSH features:

• A return to one of the most beautiful IMSH host sites in the country – San Diego, California! You simply can’t get some of the views you do here anywhere else!

• A vast program of more than 300 educational offerings including general education sessions, poster presentations, and demonstrations showcasing innovative research and technology in healthcare simulation.

• Sunday morning Section meetings, Special Interest Groups, Affinity Groups, and several committee meetings.

• Immersive and Preconference Course offerings to provide you with in-depth and dynamic learning experiences. San Diego-area simulation centers and companies have contributed to an exciting menu of choices for #IMSH2020.

• A Presidential Diamond Ball on Saturday night that will honor new SSH Academy Fellows and those achieving CHSE, CHSE-A and CHSOS in 2019. We also celebrate newly accredited simulation centers!

• The return of SimFit – a really wonderful fitness and fundraising event that includes a 5K Run/Walk to benefit the Beverlee Anderson Education Scholarship Fund.

• Another great IMSH Exhibition Hall experience featuring our valued exhibitors, sponsors, and more! Well over 130 simulation companies and organizations will be here to provide you with the latest healthcare simulation technology and opportunities. The Research and Technology Experience will showcase the latest findings in scientific research through Poster Presentations and Professor Rounds, innovative demonstrations in the SimVentors Showcase, and the 10th Annual Serious Games & Virtual Environments Showcase!

I hope you’re as excited to be here as I am, and I hope to meet many of you over the course of the next few days! You can also follow me on Twitter - @KTWaxman - if you’d like to connect that way!

Sincerely,

KT Waxman, DNP, MBA, RN, CNL, CENP, CHSE, FAAN, FSSH
2019-20 President of the Society for Simulation in Healthcare

Inspired by our Patients, Driven by the Future...

WELCOME TO IMSH 2020!

Do you remember where you were 20 years ago?

On Jan. 10-14, 2001, a group of passionate simulationists came together for the first International Meeting for Medical Simulation (IMMS) in Scottsdale, Arizona, and brought to life one of the most important pieces to today's simulation world.

In 2004, the Society for Medical Simulation was formed, and two years later, in 2006, the Society for Medical Simulation changed its name to the Society for Simulation in Healthcare. It was in 2007 that a name change saw the annual conference become what we know today as the International Meeting for Simulation in Healthcare (IMSH). It changed to reflect the diversity of SSH.

With so much history to commemorate the Planning Team for IMSH 2020 would like the 20th year of the meeting to not only be a celebration of where we came from, but to also inspire our future and where we are going.

While our visions for the future continue to evolve, the reason behind why we do what we do hasn’t. That reason is patients. Patients have been and will continue to be the constant throughout this journey. As we inspire the next generation of simulation professionals, we want to celebrate the accomplishments that have allowed us to get where we are. We also want to ensure that as we progress, we keep patients at the core of our efforts. After all, the patient is the ultimate stakeholder!

The IMSH 2020 Committee has worked diligently to bring together a program worthy of celebrating 20 years of IMSH. It has taken many hands, and we are hopeful the next four days helps propel you both personally and professionally into the next 12 months.

We want attendees to feel proud of how far we have come as an industry and excited for what is yet to come. Together, let’s celebrate our success, get inspired, collectively high-five each other, and be empowered to keep the success alive.

Regards,

Aaron Dix, MBA
Kirsty Freeman, PhD, CHSE

Jeff Groom, PhD, CRNA
Keith Littlewood, MD
LEARNING LABS in room 5B

Featuring plenary speaker Prof. Tim Draycott BSc, MBBS, FRCOG, MD

“Using the PROMPT Birthing Trainer and the Odon Device” for assisted delivery
SUNDAY JAN 19th 9:30am – 10:30am

“Using the PROMPT Birthing Trainer for difficult births”
TUESDAY JAN 21st 1:30pm – 3:00pm

Participants will have an opportunity for hands-on practice and open discussion with Prof. Draycott related to obstetric training and managing assisted deliveries.
GENERAL INFORMATION

SSH Central
Location: Hall 1 Lobby

Stop by SSH Central to meet your colleagues and to say hello! You’ll also find:

- IMSH Information
- IMSH Ribbons
- IMSH attendee map (come place your pin!)
- Healthcare Simulation Community information
- Mentor/Mentee meeting location
- SSH Accreditation information
- Certification information—CHSE, CHSOS, CHSE-A

Presenter Center

**Locations:** Ballroom 6A (Convention Center) & the Santa Rosa Room (Marriott)

All presenters at IMSH are invited to stop by the SSH Presenter Center to test presentation equipment, put the finishing touches on electronic files and work out tricky embedded video and audio files with the professional IMSH AV team. Turning Technologies™ will also have a representative onsite throughout the meeting to help with any Audience Response System needs. Various medical supplies and simulation equipment are also available for those providing hands-on workshops and demonstrations.

ENHANCE YOUR LEARNING ALL YEAR ROUND!

Exclusive Online Only Webinars and 100+ presentations from SSH conferences
24-7 access to over 60 hours of content from IMSH 2020. The LLC is free for SSH Members and only $150 per course for non-members!

Any time - Any where - Any device

ssh.sclivelearningcenter.com
SSH Events App - Download Today!

Use the SSH Events App to help you navigate the many opportunities and offerings at this year’s meeting. The app is available for Apple, Android, Windows and Blackberry platforms and can be used to help you connect with colleagues, identify key content areas of interest, and navigate the Exhibit Hall. Just search for “SSH Events” in your app store.

KEY FEATURES INCLUDE:

• View the most up to date conference agenda

• Build your education agenda

• Create your own custom, personal meeting schedule

• Receive up to the minute alerts

• View the list of exhibitors you want to visit

• Network and connect with other IMSH attendees

• View the list of IMSH faculty

SSH is committed to ensuring you have a great experience with our SSH Events App. If you have any questions or need support, stop by the Tech Bar at SSH Central.
CHSE and CHSOS Exam Information

Location: See letter of admission (sent by email after signing up)

If you completed your CHSE or CHSOS application before IMSH, and have been approved to take the exam, there are several options for dates/times listed below. You need to follow the instructions you received by email in order to sign up for the exam.

EXAM SCHEDULE:

Saturday, January 18
3:00 PM – 6:00 PM

Sunday, January 19
8:00 AM – 11:00 AM
11:30 AM – 2:30 PM

Monday, January 20
11:30 AM – 2:30 PM
3:00 PM – 6:00 PM

Tuesday, January 21
8:00 AM – 11:00 AM
11:30 AM – 2:30 PM
3:00 PM – 6:00 PM

Wednesday, January 22
8:00 AM – 11:00 AM

Please note that you are not allowed to test unless you have been approved and signed up online. Questions? Contact coordinator@simcertification.com.

The return of SimFit: #SimFit20!

Embrace health and fitness during IMSH 2020!

• 5K Fun Run/Walk, Saturday, 10 a.m. (PST): Begin your #SimFit20 adventure by experiencing a spectacular San Diego morning by the boats! Your 5K will begin and end near the Marriott hotel after striding on a guided path in and around a park that stretches out into the water. Pretty cool! Net proceeds benefit the Beverlee Anderson Scholarship Fund. Visit registration for details.

• Hydration Stations are located throughout the convention center and the Exhibit Hall so you can refill your water bottles

Check the mobile app and SSH Central for more details.
Accreditation Statement

In support of improving patient care, the Society for Simulation in Healthcare is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive a maximum of 35.5 Interprofessional Continuing Education (IPCE) credits for learning and change.

2,500 Certified Professionals in 38 countries!

Congratulations to all the professionals who earned their CHSE, CHSOS and CHSE-A certifications this year! This rapidly-growing group has taken steps to demonstrate their abilities in healthcare simulation and we are grateful for their hard work and dedication.

Visit simcertification.com for more information.
Obtaining Credit for Attendance

Make sure to have your badge scanned prior to each session you attend. You will be able to evaluate each session you attend immediately using your SSH Events App. Approximately two weeks after IMSH 2020, you will receive a link to access your conference transcript and continuing education certificate. At that time, we do require completion of a short conference evaluation to help us continue improving our educational offerings.

Contribute to the Beverlee Anderson Education Scholarship Fund

At IMSH 2008, SSH showed its gratitude and appreciation for its first Executive Director, Beverlee Anderson, who retired on July 1, 2008.

Her vision and promotion of simulation helped the Society achieve significant milestones. She was recognized for her efforts at the January 12, 2008 Board of Directors meeting as well as the membership business meeting in San Diego. It was with great honor that the Board of Directors announced the establishment of the Beverlee Anderson Education Scholarship Fund (BAESF) to continue her mission to provide support to attend IMSH and other SSH-sponsored educational activities.

After Beverlee’s untimely death in September 2009, the SSH Board of Directors created a memorial fund to build on the already established Scholarship fund. Members are invited to make an online contribution to this fund by visiting ssih.org. The fund application is tied directly to Beverlee’s interest and past commitment of providing “scholarships” to those she identified as having a need for support in order to attend IMSH.
**Food & Beverage**

Your IMSH registration includes plenary sessions, general session educational courses, program materials, exhibit hall access and receptions, coffee breaks and two lunches. To keep registration costs low, receptions will include a cash bar.

Coffee, tea and iced tea will be available in the Exhibit Hall during hall hours and coffee and tea will be available prior to Monday and Tuesday Plenary Sessions. Additional food in the Exhibit Hall includes:

**Sunday**
4:30 PM – 7:00 PM: Reception with beverages and hors d’oeuvres

**Monday**
11:30 AM – 1:30 PM: Hosted Luncheon
4:00 PM – 6:00 PM: Reception with beverages and hors d’oeuvres

**Tuesday**
11:30 AM – 1:30 PM: Hosted Luncheon
Thank you to our sponsors for their generous support toward the success of IMSH 2020:

Platinum Level Sponsor

Gold Level Sponsor

Silver Level Sponsor

C-Suite Luncheon Sponsor
In-Kind Educational Support

*Thank you* to the following companies for their generous contributions of educational supplies to the IMSH 2020 Educational Program:

- CAE
- Gaumard
- HealthPartners
- Laerdal

Immersive Courses

*Thank you* to our IMSH 2020 Immersive Course Host Sites:

- Strategic Operations, Inc. (STOPS), San Diego
- BioSkills Simulation Training Center (BSTC) Department, Directorate for Professional Education, Naval Medical Center San Diego
- San Diego City College
- Escape Rooms San Diego
- Hahn School of Nursing and Health Science, Dickinson Nursing Simulation Center, University of San Diego
Experience the Future of Obstetric Simulation.

See Victoria® at IMSH Booth #310

Go hands-on with Victoria® and experience the next generation technology that will revolutionize simulation-based education and training. See the new features and tools designed to facilitate deeper learning for participants of all levels.

• Obstetric MR™ – A new mixed reality, enhanced learning system
• New Labor & Delivery Simulation Learning Experiences™ Package

Prove Return on Investment from Simulation-based Medical Education Interventions (#1055-000152)
CONTENT TYPE: EDUCATOR
ROOM 2

1:30 PM - 3:30 PM

ICW
Corporate Roundtable Meeting
Closed Meeting
ROOM 5A

6:00 PM - 7:00 PM

SPECIAL EVENT
President’s Diamond Ball Cocktail Hour
Preregistration Required
GRAND BALLROOM FOYER

7:00 PM - 11:00 PM

SPECIAL EVENT
President’s Diamond Ball Dinner and Dancing
Preregistration Required
GRAND BALLROOM
**CORPORATE ROUNDTABLE**

**LEARNING LABS**

Join us as exhibiting members of the SSH Corporate Roundtable showcase products and services to you, the leaders in the field of healthcare simulation. These Learning Labs are product and service-specific and are not eligible for CEU or CME credit.

*See the SSH Events App for speakers and roundtable details.*

### SUNDAY, JAN. 19

**9:30 AM - 10:30 AM**

**CAE HEALTHCARE**

Learning Space 101  
ROOM 5A  
**Speaker:** Timothy Whitaker, BS, CHSE, CHSOS, EMT-P, CMTE

**LIMBS & THINGS**

Using the PROMPT Birthing Trainer and the Odon Device™ for Assisted Delivery, Featuring Plenary Speaker Professor Tim Draycott  
ROOM 5B  
**Speaker:** Timothy Draycott, BSc, MBBS, FRCOG, MD

### MONDAY, JAN. 20

**10:00 AM - 11:00 AM**

**iSIMULATE**

Driving Simulation into the Future  
ROOM 5A  
**Speakers:** Anthony Lewis MD, iSimulate Medical Director; Chris Kroboth MS, CCEMT-P, NR-P, iSimulate Clinical Education Manager

**LEVEL 3 HEALTHCARE**

Pioneering Education for the Simulation Community  
ROOM 5B  
**Speakers:** Brad Peterson, CEO; Scott Atkinson, Director of Healthcare; Carla Cooper, MA

### 11:30 AM - 12:30 PM

**EDUCATION MANAGEMENT SOLUTIONS**

SimPHARM IPE  
ROOM 5A  
**Speaker:** Lynn Welch, Vice President, Business Development and Marketing

**3B SCIENTIFIC**

Advancements in Standardized Patient Hybrid Simulation Solutions  
ROOM 5B  
**Speaker:** Andrew Strandell

**PCS**

An Intro to AI in Patient Simulation  
ROOM 5A  
**Speaker:** Balazs Moldovanyi
BODY INTERACT
Virtual Patients in Clinical Education - A Vibrant Didactic Approach to Help Healthcare Learners and Professionals to Improve Decision-making and Critical Thinking

ROOM 5B
Speakers: Lorraine Betts, Professor and Simulation Program Coordinator at George Brown College (Canada); Ivan Wilmot, MD, Associate Professor, Heart Failure Transplant, MCS Director, Pediatric Cardiology Fellowship Program Heart Institute, CCHMC (USA); Paulo Martins, MD, Associate Professor, Simulation Program Coordinator at University of Coimbra, Portugal; Pedro Pinto, CEO of Body Interact Inc. (moderator)

1:00 PM - 2:00 PM
DREXEL MASTER OF SCIENCE IN MEDICAL AND HEALTHCARE SIMULATION
Drexel University - Master of Science in Medical & Healthcare Simulation

ROOM 5A
Speaker: Sharon Griswold, MD, MPH, Program Founder & Director

CAE HEALTHCARE
Using Augmented Reality to Enhance Training Experiences

ROOM 5B
Speakers: Amar P. Patel, DHSc, MS, NRP, CHSE, FSSH, Timothy Whitaker, BS, CHSE, CH505, EMT-P, CMTE

2:30 PM - 4:00 PM
UNIVERSITY OF MIAMI GORDON CENTER FOR SIMULATION & INNOVATION IN MEDICAL EDUCATION
Integration of Harvey, Cardiopulmonary Patient Simulator into Your Curriculum. Integrating the Advanced Stroke Life Support Course into Your Simulation Program.

ROOM 5A
Speakers: Barry Issenberg, MD, FACP, Professor of Medicine, Senior Associate Dean for Research in Medical Education; Director, Gordon Center for Simulation and Innovation in Medical Education; Ivette Motola, MD, MPH, Associate Professor of Emergency Medicine, Assistant Director of Gordon Center, Assistant Director of Prehospital and Emergency Training; Ross Scalese, MD, FACP, Associate Professor of Medicine, Associate Director of Educational Research and Technology, Gordon Center

B-LINE MEDICAL, A LAERDAL COMPANY
Simulation Center ROI and Large-scale Automation

ROOM 5B
Speakers: Adam Montagu, Director at Adelaide Health Simulation; Michael Gilmour, Simulation Technician at Adelaide Health Simulation

TUESDAY, JAN. 21
10:00 AM - 11:30 AM
INGMAR MEDICAL, LLC
Breathe Easy! One Simulator for All of Your Respiratory Training Needs

ROOM 5A
Speakers: Jessica Dietz MS, RRT-ACCS; Kimber Catullo BSRC, RRT, CHSE

KOGNITO
Better Communications, Better Providers, Empowered Patients: Conversations Simulations with Responsive Virtual Humans

ROOM 5B
Speakers: Ron Goldman, Co-Founder and CEO; Gurnek Singh, Sr. Director of Business Development
12:00 PM - 1:00 PM

**3D SYSTEMS SIMBIONIX**

Patient-Specific Laparoscopic and Robotic Surgery Simulation

Speaker: Ran Bronstein, Vice President, Chief Technology Officer, Healthcare

---

3:30 PM - 5:00 PM

**LAERDAL MEDICAL**

Mother as a Member of the Birth Team - Respectful Care During Pregnancy, Labor and Delivery

Speaker: Dr. Amber Weiseth, DNP, RNC-OB, Associate Director, Delivery Decisions Initiative, Ariadne Labs; Avery Plough, MPH, Research Specialist, Delivery Decisions Initiative, Ariadne Labs; Suzanne Shea, Maternal and Baby Director, Laerdal Medical

---

1:30 PM - 3:00 PM

**GAUMARD SCIENTIFIC**

Advanced Healthcare Simulation Solutions: SLE & Pediatric Cases

Speaker: Roger Lankheet, MA Ed, BSN, RN-BC, CHSE

---

**LIMBS & THINGS**

Using the PROMPT Birthing Trainer for Difficult Births, Featuring Plenary Speaker Professor Tim Draycott

Speaker: Timothy Draycott, BSc, MBBS, FRCOG, MD

---

**INTELLIGENT VIDEO SOLUTIONS**

Fostering an Active Learning Environment through Video and Debriefing

Speaker: Mary Hoppe, BSN, RN, Adjunct Nursing Professor, Carroll University, Director of Healthcare, Intelligent Video Solutions, 25 year Nursing Career

---

**WEDNESDAY, JAN. 22**

8:30 AM - 9:30 AM

**SIMX VR**

Designing VR Learning Experiences

Speaker: Ryan Ribeira MD, MPH, Clinical Assistant Professor, Stanford School of Medicine, CEO, SimX VR; Tyler Andre MD, Clinical Faculty, Washington State University College of Medicine, Director of Business Development, SimX VR

---

8:30 AM - 10:00 AM

**VIRTAMED AG**

A New Generation of Ultrasound Simulation

Speaker: Kimberly Mazili

---

10:30 AM - 11:30 AM

**MEDVISION LLC**

Learning Workshop with the Legendary Leonardo

Speaker: Adam Dodson, NRP, NCEE, CCEMTP, Operations Manager, Johns Hopkins Medicine Simulation Center; Pavel Sviridov, Director of Education, MedVision Group
CELEBRATING 20 YEARS OF IMSH

JANUARY 19, 2020

SUNDAY
Join the SSH Board of Directors for the Annual Business Meeting, which will include a 2019 year in review, a financial update, and the presentation of SSH service awards. SSH members are invited to attend and ask questions to the board of directors.

ROOM 2
Carey was the first female F-14 Tomcat Fighter Pilot in the U.S. Navy, having flown missions worldwide as a combat-mission-ready United States Navy pilot.
Stop by the 10th Annual Serious Games & Virtual Environments Arcade & Showcase
Sunday: 3:00 PM - 7:00 PM, Exhibit Hall AB

The Serious Games and Virtual Environments Arcade and Showcase is where users of virtual and game-based technology can collaborate and network with students, clinicians, educators, and start-ups, as well as small and large established companies. Don’t miss this popular event!

Virtual Classroom Training

*Helping Expand Your Professional Development Opportunities*

As the healthcare industry continues to adopt simulation and build their programs, the need to keep up with simulation technology and pedagogy becomes even more critical to their success. Laerdal’s Virtual Classroom Training provides a practical and efficient solution to deliver ongoing professional development, on-boarding or refresher instruction.

With an engaging environment in which participants can connect with the content and interact with both the instructor and other attendees, these courses provide:

- Professional instruction
- Convenient scheduling
- On-demand training
- Interactive learning
- Virtual networking

Congratulations to all of the Simulation Programs that became accredited and reaccredited last year. Thank you to all accredited programs who are setting the bar for high quality simulation!

The SSH Council for Accreditation of Healthcare Simulation Programs accredited its first healthcare simulation program in 2010. There are now more than 150 SSH Accredited Programs from 14 countries, and SSH is the largest healthcare simulation accrediting body in the world.

For a current list of accredited programs, visit ssh.org/Accreditation.

Wednesday Plenary Session and Closing Keynote with Victoria Brazil - Translational Simulation: Targeting Competency, Culture, or Community? (#1055-001383)
CONTENT TYPE: EDUCATOR
C EXHIBIT HALL C

Victoria Brazil is an emergency physician and medical educator. She is Professor of Emergency Medicine and Director of Simulation at the Gold Coast Health Service, and at Bond University medical program. She also serves as a faculty member with the Harvard Macy Institute.
Train Smarter with CAE Healthcare’s Augmented Reality Solutions Powered by Microsoft HoloLens

Mixed reality in healthcare training delivers breakthrough experiences in learning like never before. As the worldwide training partner of choice in making healthcare safer, CAE Healthcare innovates with cutting-edge solutions.

CAE delivers best-in-class educational content through the immersive environment of augmented reality. Learners can engage with elevated holograms of anatomy to develop an accelerated understanding of the physiology of a patient in multiple clinical scenarios. The result is a shortened learning curve, improved skills acquisition and stronger knowledge retention.

The Microsoft HoloLens augmented reality application for CAE Healthcare is intuitive and easy-to-use. With realistic and immediate visual and physiological feedback, learners quickly master the skills of high-quality patient care.

Learn more about CAE Healthcare’s technologically-advanced training solutions at caehealthcare.com

Your worldwide training partner of choice
Welcome to the world’s largest exhibition for healthcare simulation professionals – IMSH 2020 EXPO!

This is your opportunity to explore the latest innovations in healthcare simulation. Many exhibitors offer hands-on demonstrations so you experience, first-hand, what’s new. More than 120 exhibitors from around the WORLD are expecting you. And, complimentary lunch is provided in the hall on Monday and Tuesday.

Enhance your learning by attending one or more of the Learning Labs. Offered on Sunday through Wednesday and hosted by exhibiting members of the SSH Corporate Roundtable, this added educational opportunity showcases products and services to you, the leaders in the field of healthcare simulation. Learning Labs are free for attendees. See page 32 for a detailed list of topics and times.
Sunday
Experience the opening day as the IMSH EXPO comes alive with energy. Be one of the first inside following the Ribbon Cutting Ceremony at 3:00 PM. Stay for the Grand Opening reception in the hall from 4:30 PM – 7:00 PM. Come celebrate 20 years of IMSH with so many companies who have helped us reach this milestone!

Monday
Monday’s EXPO schedule offers 7.5 hours of face-to-face time with exhibitors. There is also a reception in the exhibit hall in the evening from 4:00 PM – 6:00 PM.

Tuesday
This is the final day of the EXPO. Make your last rounds and visit with the experts in simulation.

3-Dmed has manufactured laparoscopic training systems and anatomical training models for over 20 years. They are used by educators, doctors and medical device companies around the world for FLS Skills practice (and beyond), instrument demonstration and much more!

3BS Scientific is the worldwide leader in medical and healthcare education. With a presence in more than 100 countries, our strong global reputation is a result of our commitment to delivering the best quality, value and service to our customers. We are dedicated to continually advancing our range of innovative tools and training solutions.

7-Sigma Modular High Fidelity Trainers are unparalleled in attention to details crucial to realistically simulating human patients. 7S_ Trainers pair faithful replication of appearance, weight and biomechanics with modular construction supporting an expandable portfolio of age, gender, BMI, ethnicity, and pathological configurations.

Accurate S.r.l. consists of a professional team with unique expertise on international health scenario, capable of integrating scientific research, engineering design and implementation of innovative solutions in health and medical education. Accurate provides innovative simulation solutions in the ventilation, ultrasound, OB-GYN and IVF field.
AbSim trains to and provides objective documentation of competence in the skill of abdominal palpation. AbSim provides multi-modal feedback while guiding learners to achieve, and examiners to assess, key abdominal palpation skills, including proper coverage and depth of palpation, and detection of inflamed organs, guarding and rebound tenderness.

Adam,Rouilly has been serving medical education worldwide for over 100 years with products which offer quality, realism and durability, designed and manufactured in the United Kingdom. We will be showcasing our full range of part task trainers and look forward to welcoming you onto our booth to discuss your medical education requirements.

ArchieMD is an innovative medical education company that creates a wide variety of products including 3-D animations, Simulations, and AR applications.
#1129

Association of Standardized Patient Educators (ASPE)
222 S. Westmonte Drive, Suite 111
Altamonte Springs, FL 32714
407.774.7880
www.aspeducators.org

ASPE is the international organization of simulation educators dedicated to:
- Promoting best practices in the application of SP methodology for education, assessment and research.
- Fostering the dissemination of research and scholarship in the field of SP methodology.
- Advancing the professional knowledge and skills of its members.

#128

ATI Nursing Education
11161 Overbrook Road
Leawood, KS 66211
800.667.7531
www.atitesting.com

ATI Nursing Education is the leading provider of online instruction, remediation, analytics, and consulting solutions that deliver superior learning outcomes, enhance faculty effectiveness, and support the growth of nursing programs across the country.

#1104

Avkin
113 J & M Drive, Floor 2
New Castle, DE 19720
302.562.2110
www.avkin.com

Evolve to the next generation of simulation, Avkin specializes in wearable simulation technology maximizing hybrid simulation. If you are looking for the highest fidelity in simulation utilizing live people and technology will maximize every simulation experiences. Visit our booth for more information on affordable simulated participants programs.

#1033

Berale of Teldan Group
PO Box 18094
Tel Aviv, N/A 6118002
Israel
972.361.17542
www.simboost.com

Berale is a software company which develops Video-based learning systems, such as SimBoost - for managing simulation centers, and ClassBoost for lecture capturing.

#1107

Biomed Simulation, Inc.
9939 Via Pasar
San Diego, CA 92126-4559
614.378.0895
www.biomedsimulation.com

Biomed Simulation is focused on developing the most accurate, high fidelity cardiopulmonary simulator system. Our flagship simulator, Califia has built-in digital models that invoke reflexes responding accurately to various interventions like heart-lung bypass, Ventricular Assist Devices or ECMO (Extra Corporeal Membrane Oxygenation).

#603

B-Line Medical, a Laerdal Company
1300 19th Street NW, Suite 100
Washington, DC 20036
888.228.3838
https://blinemedical.com

B-Line Medical focuses on the capture, debriefing, and assessment of healthcare training and clinical events. We specialize in the delivery of robust, yet easy-to-use web-based solutions that have helped over 500+ hospitals, medical schools, and nursing programs in 35+ countries operate and manage their training and QI programs more effectively.
#836

**BioMojo LLC**

101 Bannerman Lane  
Cary, NC 27519  
919.345.0155  
https://biomojo.com/

BioMojo creates integrated software and hardware solutions for improving healthcare delivery. Solutions include augmented/mixed reality, wearable biometric sensors, computational biology and game-based modeling and simulation.

---

#627

**Body Interact**

Instituto Pedro Nunes  
Take the Wind, Ed.D  
Coimbra, N/A 3030-199  
Portugal  
91 96.98273  
www.bodyinteract.com

Body Interact provides a complete system for clinical education through virtual patients built with artificial intelligence and augmented reality. We accelerate critical thinking and decision-making in medical and nursing education, setting a new standard in clinical skills development and patient safety.

---

#137

**Boise State University School of Nursing**

1910 University Drive  
Boise, ID 83725  
208.426.1336  
www.boisestate.edu/healthsciences-simulation/shcp/

Boise State offers an online Healthcare Simulation Certificate. This nine credit hour interprofessional program offers a combination of two completely online courses and one hybrid course that includes a three day on-campus visit for an intensive training experience at the accredited Boise State College of Health Sciences Simulation Center.

---

#1132

**BreakAway Games**

11311 McCormick Road, Suite 400  
Hunt Valley, MD 21031  
410.316.9200  
www.breakawaygames.com

BreakAway Games a recognized leader in design, development & deployment of virtual case-based sims for learning & assessment. We are a full service studio with demonstrated expertise incorporating learning theory, human factors, & cognitive engineering into the HealthCare sims we create for Education, Training and Assessment clients, globally.

---

#813

**Breakthrough Learning**

412 NW Couch Street, Suite 302  
Portland, OR 97209  
888.802.6808  
https://fridaynightattheer.com

Move people from silo thinking to systems thinking with our team-learning simulation game. An engaging and memorable half-day learning experience, Friday Night at the ER® is used to teach essential skills and improve team performance. Use it with leaders at all levels and across professions in group sizes of 12-200+.

Endovascular Simulation Technology

CEDARS SINAI
127 S San Vicente
Los Angeles, CA 90036
424.315.4420
www.cedars-sinai.org/education/simulation.html
Cedars Sinai Women’s Guild Simulation Center provides education to over 20,000 people annually. The program is accredited by the Society for Simulation in Healthcare, American College of Surgeons and Endorsed by the ASA. An ISO9001:2019 QMS Assured Service.

Center for Medical Simulation
100 First Avenue
4th Floor, Suite 400
Boston, MA 2129
617.726.3034
https://harvardmedsim.org
At CMS we conduct workshops utilizing simulation for clinicians, healthcare educators and managers at our site in Boston Massachusetts and around the world. We also consult with healthcare systems on their simulation efforts, perform medical device usability studies and continue to initiate an array of leading edge healthcare simulation activities.

Charles River Analytics Inc.
625 Mount Auburn Street
Cambridge, MA 2138
617.491.3474
www.cra.com
Charles River Analytics conducts leading-edge AI, robotics, and human-machine interface R&D, to create custom solutions for your organization. We have a stellar track record developing successful solutions for Government and commercial clients across a diverse collection of markets—defense, medical technology, transportation, and training.

Clinical Expo
1504 Bay Road
Miami Beach, FL 33139
424.488.6055
https://medilazer.net
Clinical expo provides medical solutions for a variety of industries and delivers the safest most effective products. Our products carry the most advanced innovative technology in order to help our partner clinics to notably increase their revenue by offering a larger variety of treatments and services.
#116
Crises Research Center - HybridLab inc.
Eiveniu 4-512
Kaunas, N/A 50103
Lithuania
917.720.3334
www.hybridlab.com

More than 20 years of experience in the medical training field. Medical training leader in Lithuania and Northern Europe. During the timeframe partnered with USA, UK, EU leading Universities, Medical Schools, Health Organisations, GOV and NGOs, Military. Creator of Semi-Autonomous simulation training environment.

DiaMedical USA Equipment LLC
7013 Orchard Lake Road
Suite 110
W Bloomfield, MI 48322
248.855.3966
www.diamedicalusa.com

DiaMedical USA is the #1 source for equipment and supplies for healthcare education. We are the creator of Loaded Crash Carts and Loaded Jump Packs and are the exclusive provider of SimServerRx dispensing systems and SimUSuit obesity trainers. We specialize in new and reconditioned equipment, offering cost effective solutions for any budget!

#815
Drexel Master of Science in Medical and Healthcare Simulation
245 N. 15th Street
Suite 2108, NCB 2nd Floor
Philadelphia, PA 19002
215.762.4661
www.drexel.edu

The Master of Science in Medical and Healthcare Simulation program is a unique, part-time, program that is the first of its kind to offer advanced training in simulation teaching, curriculum design, and research. This degree program will prepare healthcare professions to advance their careers and become leaders in experiential learning.

#908
Dynasthetics
3487 W. 2100 S., Suite 300
Salt Lake City, UT 84119
801.484.3820
www.dynasthetics.com

Dynasthetics manufactures and distributes the VitalsBridge which links your simulated patient (low- or high-fidelity manikins or standardized patients) with any modern patient monitor. This means simulated data can be displayed on the same monitors that clinicians will use daily in the workplace.

#226

Driven by knowledge and passion, our vision is to contribute to a healthier and safer society. Sectra successfully develops and sells cutting-edge solutions in the expanding niche segments of medical IT and cybersecurity—a combination that makes us unique.

Shadow Health, Inc.
201 SE 2nd Avenue, Suite 201
Gainesville, FL 32601
800.860.3241
https://shadowhealth.com

Shadow Health® is an educational software developer of web-based Digital Clinical Experiences™ designed to augment courses for nursing students and allied health education programs.

SIM Medical B.V.
Wattstraat 7a
Sassenheim, 2171TP
Netherlands
31 630.57.8970
www.sim-medical.com

SIM-Medical is medical simulation company that is headquartered in the Netherlands and is engaged in the development, integration and sustainment of advanced technology training products. Our high end haptic feedback based medical training solutions create the highest fidelity training realism.

Sim*Vivo
30 Albee Lane
Essex, NY 12936
518.963.7640
www.sim-vivo.com

Sim*Vivo provides a variety of complete learning systems for the acquisition of basic surgical skills to a level of proficiency. In addition, we offer a large inventory of simulation supplies at a reasonable cost. Complimentary guides and videos are available with all of our learning systems.

SIMCharacters
Ruedigergasse 10
Vienna, N/A 3021
Austria
43 69919689878
www.simcharacters.com

SIMCharacters develops paediatric simulators to improve the medical care of critically ill children. SIMCharacters’ High Emotion Preterm Simulator Paul enables medical teams to train how to handle critical neonatal emergencies under highly realistic conditions.
SimGHOSTS: The Gathering of Healthcare Simulation Technology Specialists
7181 N Hualapai Way
Suite 130-925
Las Vegas, NV 89166
702.529.9299
www.simghosts.org
SimGHOSTS, aka The Gathering Of Healthcare Simulation Technology Specialists, is an international US-based 501(c)(3) non-profit organization dedicated to supporting individuals and institutions operating medical simulation technology and spaces through: hands-on training events, online resources, and professional development.

Simulab Corporation
13001 48th Avenue S
Seattle, WA 98168
206.297.1260
www.simulab.com
Simulab is dedicated to replicating human anatomy and building realistic, affordable and easy-to-use training tools for medical professionals, that help save lives. For over 25 years we have been the world leader in soft tissue simulation. With one touch you’ll see our tissues look, feel, ultrasound suture and bleed like real human tissue.

Simulated Surgical Systems
780 Montague Expressway
Suite 308
San Jose, CA 95131
562.217.7813
www.simulatsurgical.com
Simulated Surgical Systems, LLC is a pioneer in the development of simulation for robot-assisted surgery. Our goal is to provide safe, practical, and efficient robot-assisted surgery training to novice surgeons, thus reducing surgical error and making robot-assisted surgical education feasible.

SimX VR
521 Del Medio Avenue, #101
Mountain View, CA 94040
916.616.8771
www.simxar.com
SimX makes VR sim software that’s wireless, multiplayer, and cross-platform. It’s used by Stanford, Purdue, Mayo, Northwestern, the USAF, and many others to train MAs, medics, nurses, physicians, and more. Completely customized cases, powerful moderating tools, and highly realistic encounters (with no drop downs or menus) make SimX best in class.

SonoSim, Inc.
1738 Berkeley Street
Santa Monica, CA 90404
818.370.0012
www.sonosim.com
SonoSim, Inc. is dedicated to improving and transforming medical care by serving as a global leader in ultrasound education and training. With its staff of leading ultrasound educators, instructional designers, content editors, scientists, and software developers, SonoSim has created the easiest way to learn ultrasonography.

Stanford - Center for Advanced Pediatric and Perinatal Education (CAPE)

952.457.8704
https://surgicalscience.com

Training without putting patients at risk, this is why we exist – to give surgeons a platform to train the fundamental technical skills of keyhole surgery before entering the operation room. For 20 years, Surgical Science has been committed to providing state-of-the-art medical training VR simulators that focus on ease of use and validation.

SurgiReal Products, Inc
995 N Wilson Avenue
Loveland, CO 80537
970.818.7060
www.surgireal.com

SurgiReal specializes in creating realistic and accessible surgical training products to improve the confidence of patients, students, and instructors.

Swemac Simulation AB
Cobolgatan 1
Linkoping, N/A 58335
Sweden
+46 13 374030
www.swemac.com

Swemac Simulation AB - Practice makes perfect! By using our orthopaedic simulator systems TRAUMAVISION and ARTHROVISION, you can achieve improved clinical outcomes, reduced costs, and ultimately - improved patient safety.

SynDaver Labs
8506 Benjamin Road
Tampa, FL 33634
813.600.5530
www.syndaver.com

SynDaver’s high-fidelity med-sim models are made from patented materials that mimic live tissue. Our skills trainers teach airway management, tracheal intubation, adult cric, thoracostomy, cannulation, catheterization, anastomosis, incisions, suturing, and use of stapling and adhesives—all made to look, feel and behave like live tissue.
#112
The Apprentice Corporation
123 Main Street
Chicago, IL 60610
855.445.7444
www.TheApprenticeDoctor.com
The Apprentice Corporation develops and markets various basic simulation course-kit combos. The "Your Simulation Lab in a Box" concept has been very popular among a wide range of medical professional students. We offer various courses in Aseptic technique, Suturing, Phlebotomy and Basic Surgical skills.

#210
The Chamberlain Group
1100 Military Road
Kenmore, NY 14217
413.528.7744
www.thecgroup.com
The Chamberlain Group produces anatomically accurate medical models that capture the consistency and response of living tissue, providing the best alternative to animals and cadavers for training in new devices and procedures. Our custom anatomy is recognized worldwide for its superior visual and experiential realism.

#1100
The Debriefing Academy
934 Main Street
Great Barrington, MA 1230
403.969.7422
www.thedebriefingacademy.com
The Debriefing Academy offers learning experiences designed to enhance the impact of debriefing conversations within your organization. Our courses help you fuel understanding, transform your workplace, and forge the future generation of leaders within your teams.

#1119
The Surgery Studio, LLC
40 Discovery Ridge Boulevard SW
Calgary, AB T3H5T8
Canada
469.207.6425
www.TheSurgeryStudio.com
Our full body surgical simulators have been custom designed and hand crafted to give highly realistic visual and tactile feedback. Our patients come with individual stories and as they travel the world as "medical tourists," the details of their history become more fascinating and increasingly complex. The goal: get your team to crack the code.

#231
ThinkMedConsulting
3124 S Parker Road
#A2-268,
Denver, CO 80014
702.330.0567
thinkmedconsulting.com

#108
Tobii Pro
11625 Custer Road
Suite 110-371
Frisco, TX 75072
703.738.1310
www.tobiipro.com
Tobii Pro helps businesses and science professionals gain real insights into human behavior with world-leading eye tracking solutions and services. Tobii Pro Insight, our research consultancy, conducts attention based studies helping organizations make better business-critical decisions.
#1012

**Touch of Life Technologies**

12007 Sunrise Valley Drive  
Suite 400  
Reston, VA 20191  
720.505.2822  
[www.toltech.net](http://www.toltech.net)

Come experience our VR, dissection table and student software for anatomy, clinical imaging and pathology based on Visible Human Project® data and patient scans. From the Sectra Table to the VH Dissector software, we have solutions for small group and self-study along with features for full curriculum integration and development.

#1115

**Trauma Simulation Group**

Unit 11, 17 Elmsfield Road  
Midvale, WA 6054  
Australia  
+61 409678056  
[www.traumasim.net](http://www.traumasim.net)

#901

**TraumaFX Solutions, Inc.**

12635 E. Montview Boulevard, Suite 350  
Aurora, CO 80045  
800.200.7465  
[www.traumafx.net/home](http://www.traumafx.net/home)

TraumaFX develops innovative medical simulation training technologies that improve survivability of traumatic injuries and support the Continuum of Care. Our high-fidelity, ruggedized human and canine simulators deliver a powerful, lifelike experience for trainees while enabling exercises to be held in any environment.

#801

**Trucorp**

1250 Harris Bridge Road  
Anderson, SC 29621  
752.509.5748  
[www.trucorp.com](http://www.trucorp.com)

TruCorp have over 15 years’ experience within the medical simulation market. TruCorp have designed, engineered and produced a wide variety of training manikins for airway management, trauma training, ultrasound, paediatric procedural skills and patient monitoring software.

#234

**UbiSim**

33 warringstown road  
Lurgan, NIA BT66 7hh  
United Kingdom  
16 172.75.2220  
[www.ubisimvr.com](http://www.ubisimvr.com)

UbiSim is the first VR training platform entirely dedicated to nursing. UbiSim immerses learners in an environment with lifelike patients while they develop communication, decision making & clinical reasoning skills. UbiSim’s powerful editor allows nursing educators to create their own immersive scenarios. All scenarios are completely customizable.

#1005

**University of Alabama at Birmingham**

1250 Guy St Suite #600  
Montreal, QC H3H 2L3  
Canada  
205.934.3529  
[www.uab.edu/sim](http://www.uab.edu/sim)

The Master of Science in Healthcare Simulation will help you improve patient outcomes and maximize your organization’s investment in simulation. Our curriculum includes sim design, leadership, and quality improvement. The online program offers flexible options with only one on-campus visit. Check out our competitive tuition rates.
#319

**University of Miami Gordon Center for Simulation & Innovation in Medical Education**

1726 9th Avenue S
SHPB 550AA
Birmingham, AL 35294-1212
305.243.6491
www.gcrme.miami.edu

For 50 years, the University of Miami Gordon Center for Simulation & Innovation in Medical Education has pioneered simulation technology, developing proven training systems used for multiprofessional healthcare education worldwide. These include the Next Generation Harvey, the Cardiopulmonary Patient Simulator, and the UMedicine e-learning programs.

#132

**V4EMS (SmartMan®)**

1120 N.W. 14th Street
1st Floor
Miami, FL 33136
805.288.7328
www.smartman.biz

V4EMS Provides SmartMan® medical simulations and manikins, ranged from training for resuscitation, airway, sedation, CPR skills on adult and infant. All products integrated with big data, digital, haptic technologies, yet low cost and easy to use.

#933

**VATA**

16155 Sierra Lakes Parkway
Suite 160210
Fontana, CA 92336
503.651.5050
www.vatainc.com

VATA manufactures and distributes skills trainers to help clinical staff gain confidence while learning suture skills, ultrasound access, starting IV’s, managing central lines and IVADs, performing bone marrow biopsy procedures, staging of pressure injuries and wound dressing techniques including negative pressure wound therapy. Stop by to see.

#235

**Vcom3D, Inc.**

308 S. Sequoia Parkway
Canby, OR 97013
United States
407.459.8580
http://vcom3d.com

Vcom3D is a leader in providing immersive games and blended reality learning. We develop authentic content using research-based behavioral and physiological models, engage the learner in immersive game play, assess performance in realistic simulations, and enable continuous improvement of learning outcomes.

#937

**Veralta Group, LLC**

12124 High Tech Avenue, Suite 250
Orlando, FL 32817-8382
603.316.1232
https://veraltagroup.com

COSIM-TSS is an innovative, patent-pending invention resulting from a collaboration of Medical Simulation professionals. Within minutes, one person can transform an elegant conference table with secured equipment storage into a simulation lab.

#218

**VirtaMed AG**

270 Jenckes Hill Road
Smithfield, RI 2917
813.661.4341
www.virtamed.com

VirtaMed is the world leader in high-fidelity virtual reality simulation for training of minimally invasive diagnostic & therapeutic interventions in orthopedics, urology, and OB/GYN. We also create customized simulators for medical associations & medical device companies using original instruments & anatomic models for realistic tactile feedback.
#1137
Virti
16144 Churchview Drive
Unit 101
Lithia, FL 33547
44 7765575684
https://virti.com

Virti’s mission is to make experiential education affordable and accessible for everyone. Virti uses virtual and augmented reality coupled with AI to transport users into difficult to access environments and safely assesses them under pressure to improve their performance.

#927
VRmagic Inc.
2450 Holcombe Boulevard
Houston, TX 77021
617.444.8761
www.vrmagic.com

VRmagic is leading provider of virtual reality simulators for training of medical students and doctors in ophthalmology. VRmagic simulators for medical education are Eyesi® Direct Ophthalmoscope for training retinal examinations and Earsi® Otoscope for examinations of the ear, both featuring a standardized curriculum and evidence-based assessment.

#1003
Wallcur, LLC
245 First Street
18th Floor
Cambridge, MA 2142
858.565.4366
www.wallcur.com

For over 45 years, Wallcur has been the leading innovator and provider of educational training products for the health care industry. As the originator of practice medication for simulation, our products allow instructors to create a safe and authentic training experience that is easily integrated into any new or existing curriculum.

#101
WISER
8525 Arjons Dr, Suite I
San Diego, CA 92126
412.648.6073
www.wiser.pitt.edu/default.asp

The Peter M. Winter Institute for Simulation, Education, and Research (WISER) is a world class multidisciplinary training and research facility. WISER is an institute of the University of Pittsburgh with a mission to conduct research and training programs utilizing simulation based education to provide a safer environment for patients of the UPMC.

#208
Wolters Kluwer
230 McKee Place
Suite 300
Pittsburgh, PA 15213
215.521.8300
www.lww.com

Wolters Kluwer Health is a leading global provider of information and point of care solutions for the healthcare industry. Our solutions are designed to help professionals build clinical competency and improve practice so they can make important decisions on patient care.

#834
Your Design Medical
2001 Market Street
Philadelphia, PA 19103
413.454.4436
www.yourdesignmedical.com

Designs and builds customizable simulation equipment, from suture pads to ultrasound phantoms and everything in between. Founded by a practicing physician with an engineering background, who believes simulation education should be available to everyone — and not at a ridiculous markup.
