SSH SIMSERIES: EDUCATOR: "INTERPROFESSIONAL SIMULATIONS INCLUDING PHARMACY LEARNERS"

PRESENTED BY THE PHARMACY AFFINITY GROUP

Faculty: Kelly Lempicki, PharmD, Stephanie Brian, PharmD, BCPS, Kirsten Butterfoss, PharmD, CGP, Dr. Eric F Egelund, Karen Ann Mlodozeniec, BS, PharmD, Carol Motycka

OVERVIEW

During this webinar, presenters will share their experiences with designing, implementing and evaluating interprofessional simulations incorporating pharmacy. Experiences with a large number of learners and multiple professions will be discussed. Challenges and solutions associated with implementing interprofessional simulations will also be reviewed.

OBJECTIVES

OBJECTIVE 1
Describe the development of a longitudinal interprofessional simulation experience

OBJECTIVE 2
Describe the design of interprofessional simulations for a large number of trainees from multiple health profession programs

OBJECTIVE 3
Identify 3 challenges and solutions associated with implementing interprofessional simulations
