SOCIETY FOR SIMULATION IN HEALTHCARE NAMES BOARD MEMBERS

KT Waxman, University of San Francisco, Named President

- **Board President**: KT Waxman, DNP, MBA, RN, CNL, CHSE, CENP, FSSH, FAAN, Associate Professor, University of San Francisco and Director, California Simulation Alliance, San Francisco, CA
- **President-Elect**: Robert Armstrong, MS, Eastern Virginia Medical School, Sentara Center for Simulation and Immersive Learning, Norfolk, VA
- **Immediate Past-President**: Joe Lopreiato, MD, MPH, CHSE, CHSE-A, Uniformed Services University of the Health Sciences, Bethesda, MD
- **Treasurer**: Don Combs, PhD, Vice President and Dean, Eastern Virginia Medical School
- **Secretary**: Shelita Y. Kimble, BS, CHSOS, LMT, RT, UT MD Anderson Cancer Center Simulation Center, Houston, TX
- **At-Large members:**
  - Aaron William Calhoun, MD, University of Louisville, Pediatric Critical Care Louisville, KY
  - Sharon Decker, RN, PhD, FSSH, ANEF, FAAN, TTU Health Sciences Center Simulation, Lubbock, TX
  - Dayna K. Downing, MBA, MHA, Children’s Health Simulation Lab, Dallas, TX
  - Eliana Ximea Escudero, MASTER, RN, Finis Terrae University Santiago, Chile
  - Richard Friedland, DPM, Stryker Information Technology Mahwah, NJ
  - Juli Maxworthy, DNP, MSN, MBA, RN, CNL, CPHQ, CPPS, CHSE, University of San Francisco, Orinda, CA
  - Yasuharu (Haru) Okuda, MD, FACEP, FSSH, Professor of Emergency Medicine University of Central Florida College of Medicine, Orlando, FL
  - Edwin Ozawa, MD, PhD Lahey Hospital and Medical Center Tufts University School of Medicine, Burlington, MA
  - Jamie Stiner, CHSOS, Simulation Operation Specialist, UT Southwestern Medical Center, Dallas, TX
o **Catherine Strayhorn**, Information Visualization And Innovative Research, Sarasota, FL
o **Jennifer Manos**, RN, MSN, MBA, SSH Executive Director, Cincinnati, OH

The Society for Simulation in Healthcare (SSH) seeks to improve performance and reduce errors in patient care through the use of simulation. Established in 2004 by professionals using simulation for education, testing, and research in health care, SSH membership includes nearly 3,400 physicians, nurses, allied health and paramedical personnel, researchers, educators and developers from around the globe. SSH fosters the improvement and application of simulation–based modalities such as human patient simulators, virtual reality, standardized patients and task trainers.
