

Cost of Applying for Full Accreditation as a Multi-Site or Consortium Model

There are three fees associated with applying as a Full Accreditation Multi-Site or Consortium Application

- (1) Base Fee
- (2) Multi-Site/Consortium Application Fees
- (3) Travel Fees associated with applying as a Multi-Site or Consortium.

(1) Full SSH Accreditation Base Fee

Base fees are fees the program would pay for applying for SSH Accreditation. If an applicant chooses to apply at a Multi-Site or Consortium for **SSH Full Accreditation**, Base Fees are listed below:

Number of Areas for which the Applicant Applies	Application Submission Fee	Accreditation Fee	Total Base Fee
Core + 1 Area	\$1600	\$5975	\$7,575
Core + 2 Areas	\$1600	\$6250	\$7,850
Core + 3 Areas	\$2100	\$6499	\$8,599
Core + 4 Areas	\$2100	\$6975	\$9,075
Core + 5 Areas	\$2100	\$7250	\$9,350
Core + 6 Areas	\$2100	\$7499	\$9,599

(2) Multi-Site/Consortium Application Fee

Multi-Site/Consortium Application Fees are based on multiple factors including, the number hubs, the number of accreditation areas for which the program is applying for, number of review teams assigned to the application, and the number of reviewers assigned to the review team. These factors generate a total Multi-Site/Consortium Application Fee.

- For the purposes below, a **hub** is defined as a simulation site serving as a Program's primary location. Criteria for this may include: Regional/Geographical location, faculty development site for Directors, home of the Program's administrative structure, and/or greatest percentage of learner contact hours.
- All sites defined as a **hub** will be required to have an onsite review. If an associated **additional site** is within 2 hours of a **hub**, that site will be required to have an onsite review as well.

These fees are outlined below:

# of Hubs	# of additional sites within the application	*Base Fee (BF) + Additional Cost	# of Areas a Program Applies for	# of Review Teams	# of Reviewers per Review Team	**Additional Cost Due to # of Reviewers	Total Additional Cost

(3) Travel Fees

Travel fees will be dependent upon the following criteria:

- (1) The number of hubs
- (2) The number of additional sites located within 2 hours of a hub
- (3) The number of review teams assigned to the application
- (4) The number of reviewers assigned to each review team

Total Cost Example

If a Full Multi-Site Applicant wants to apply for

1. Core + 4 areas
2. With 3 hubs
3. And 5 additional sites

Costs would be as following

Base Fee - Full Core + 4 Areas = \$9,075

Multi-Site/Consortium Application Fee (3 hubs, 5 additional sites) = \$4,500

Travel Fees = TBD

Total = \$13,575 + Travel Fees (Note, Travel Fees would include onsite reviews for all of the 3 hubs, and an onsite review if any of the additional sites were within 2 driving hours of any of the hubs).
