

We're thrilled to have you presenting at **IMSH 2026!**

To support your success and foster a community of learning, we're offering a **pilot mentorship opportunity** specifically designed for **first-time or novice presenters**. If you think this opportunity could be helpful, we invite you to explore the details below.

About the Mentorship Session

We're offering **virtual, one-hour webinar sessions** in December 2025 and January 2026, approximately 3–4 weeks before IMSH.

Each session will include up to **two presentations**, providing the chance to both receive feedback and observe your peers.

- You'll give a **brief presentation (up to 10 minutes)** to a small group of fellow presenters and three **SSH Fellows**.
- These Fellows, experienced leaders in healthcare simulation, will provide **personalized, constructive feedback**.
- Feedback will focus on content clarity, slide design, delivery & style, audience engagement, and organization.
- You'll also have the opportunity to **collaborate with peers**, share ideas, and learn from each other.
- The **primary presenter is required to attend** the session, and **co-presenters are welcome to join** as well.

What You Can Expect

- **Focused Guidance:** A 10-minute presentation followed by 10 minutes of individual feedback.
- **Peer Learning:** Watch others present and gain ideas for your own session.
- **Confidence Boost:** Rehearse in a supportive setting and gain insight to help you succeed at SimOps.
- **Collaborative Experience:** Connect with other presenters and seasoned SSH professionals.

Please note: The **primary presenter is required to attend** the session, and **co-presenters are welcome to join** as well.

Space is limited, so if you're interested in participating, please reserve your time slot using the link below:

Sessions begin **December 2**. Session availability is on a first come, first serve basis. Session information will be sent prior to your selected day/time.

We're excited to support you and can't wait to see your presentation come to life at **IMSH 2026!**
